

# FCS Engineering Services

A convenient and easy way to update guest room requirements

The Engineering Services is a standard module within the FCS WinVoice (Voice Related Services) software. Managing engineering service requests is a complex task that is becoming increasingly difficult. All engineering service requests are updated using telephones with the help of clear voice instructions.

## □ Feature List

- Voice prompted, verification and confirmation.
- Total amount or itemized entry.
- Auto-posting to Front Office System (FOS).
- User maintainable of item descriptions and codes.
- Multilingual.

## □ Contact FCS
