FCS WinCard

Easy-to-use security and guest information storage card solution

The FCS WinCard solution is an easy-to-use system specially designed to meet the needs of Hotels. With this system, properties have the flexibility to assign access to different sections (such as guest rooms, suites, housekeeping, inspection and engineering), code grand master and emergency keys, and install inhibit (or guest lock-out) and latch open functions.

Additional highlights of the FCS WinCard solution include, storage of guest profiles and preferences, accumulation of loyalty points and a valued added card (Cash Card).

Feature List

- Store hotel guest information, personal information.
- Store Guest's preference.
- Record and store special requests.
- Guest history.
- Keycard Access (to rooms and other hotel facilities).
- Storage cards for loyalty point keeping.
